Gary,

I wanted to follow-up on Pavillion related activities; specifically the Congressional correspondences and the Wyoming proposal. I was waiting to receive the latest version of the Congressional correspondences (with everyone's comments) before Dom and I reviewed/commented again. Do you know when/if we will be receiving another version? As for the revised Wyoming proposal, we haven't received any official word about reviewing this material. Do you want us to begin looking at it or should we talk with Alice et al and then Ayn et al before moving forward?
